Important Information:

-If the date you are rostered on doesn't suit you, you must arrange for someone to take your place. Please inform Andrew Buchanan of any swap that you arrange.

- If stuck, we may assist with publicising your need for a swap.

-Club members failing to take their turn of duty or who fail to arrange a suitable replacement will not be allowed to race an EVCC event until such time as they have completed a turn of duty.

-Rostered officials are required to arrive at least one hour before the schedule start of racing. It is recommended that officials make themselves familiar with their responsibilities which are documented in the Race Controller Kit available in the trailer.

-Rostered officials may be required to perform one or more of the following tasks; sweep the course, setup traffic control measures, issue race briefing, marshal a corner, drive a lead or follow car, start and monitor the race, finish the race and record placings.

-Rostered officials must wear safety vests provided.

-Corner marshals are allocated to control the safety of the riders at points where conflict with cars or pedestrians may occur. Corner marshals have authority to stop riders only; they cannot, and must not attempt to stop traffic.

-The red flag is to be used to stop cyclists if there is danger of them being involved in an accident, corner marshals instructions must be obeyed by all competing cyclists.
